

A&D Medical ... *Clearly a Better Value*

## PRECISION HEALTH SCALE

LARGE PLATFORM SIZE FOR BETTER PATIENT STABILITY - 360mm x 415mm

The UC-355PBT-Ci Precision Health Scale has a 250kg capacity, supporting a large range of users. This scale can display your weight in kilograms or pounds, allowing you to select what you are comfortable with. Additionally, the scale has a wider platform to support those with a wide base. It is also equipped with audible buzzers and visual indicators to let you know when to get on and off. The profile is less than 35mm tall even when the carpet tray (included) is utilised. You don't have to push any buttons to turn on this scale, with A&D's step-on technology. Just step on and let the scale guide you with on-screen prompts.

The PBT-Ci family of products boasts updated Bluetooth technology (v2.1) which allows for improved connectivity through secure simple pairing (SSP). This device can operate in various profiles (e.g. Serial Port Profile (SPP), Health Device Profile (HDP) and gives you the choice between master or slave mode operation. System integrators are even provided enhanced data with measurement status (e.g. low battery, etc).

- Class 1 Bluetooth
- High Capacity - 250kg (550 lb)
- Low Profile
- Step-on technology
- Large Display
- Includes Scale tray
- 200 measurement memory

# PRECISION HEALTH SCALE

PART NUMBER	DESCRIPTION
09030901	250kg Precision Health Scale
